Hi, Betsy:

Here's a draft event plan for Anaconda. I'm still working on the one for the Butte meetings. I'll try to get it out later tonight. We can discuss them Monday morning.

Thank you,

Joe

Hi, Betsy:

Attached are the updated itinerary for the trip next week, the updated presentation with comments incorporated from Doug and K.C. (slide 7) and the additional ADLC "punch list" slides (slides 5 & 6), and the Anaconda Status Update briefing paper. I will be working on incorporating the itinerary into the "event plan" format along with objectives and talking points for both Anaconda and Butte meetings. I hope to have that draft later today. Please let me know if you have questions or if you need anything else before I get the event plan drafted.

Thank you,

Joe

Betsy,

As discussed yesterday, Doug dropped by my office and gave some guidance on his expectations during next week's engagements. He reiterated the need for key talking points for each event and wants to ensure we are prepared to have meaningful and productive dialogues with each groups. I will work the higher level (HQ/regional) talking points for Doug and Kell for the engagements, but defer to you and Joe for the key TPs for the Anaconda / Butte sites. He also requested TPs (primarily for Kell) to guide the discussions with the counties. Also, Doug liked the "event plan" format that Robert designed for events, so I recommend preparing something similar for their use.

I'll work the higher level TPs this morning and send to you and Joe for review and including in the final products.

Thoughts?

Best regards,

Andrew
